

## Attend a one-week materials science technology workshop – FREE!

### ASM Materials Camp®-Teachers

**Who:** Science / Technology / Art / Math High School Teachers

**What:** A one-week workshop this summer – FREE!

**When/Where:** Over 20 ASM Materials Camp locations throughout the U.S. and in Canada. Visit us online [www.asmfoundation.org](http://www.asmfoundation.org), for the 2009 schedule.

**Why:** To “excite young people” in science and math. We will show you how to use low cost/no cost simple labs and experiments using everyday materials, that can be integrated into your existing lesson plans to actively engage students!

**Housing:** Housing will be provided for non-local participants at residential camps only.

**Meals:** Snacks (morning and afternoon) and lunches will be provided.

**CEUs:** Four (4) Continuing Education Units will be provided.

**Graduate Credits:** Two (2) semester credits through the University of Washington (Seattle) available. (Registration fee is less than \$200)

**Faculty:** Primary faculty are two experienced high school “Master Teachers” who have taught materials science courses and helped develop this innovative approach to hands-on learning of applied science principles.

**To apply:** Online application is now open! Visit [www.asmfoundation.org](http://www.asmfoundation.org).

**For more information:** Contact Jeane Deatherage, Administrator of Foundation Programs at [jeane.deatherage@asminternational.org](mailto:jeane.deatherage@asminternational.org), 440/338-5151, ext. 5533.
